Radford, Virginia 24212

Dear Mr. David P. Daugherty:

RE: Week 2 Update Addendum—Project Management Plan, Version 2

Shortly after having sent the project management plan to your office, I discovered a small error worth mentioning and just felt compelled to make the adjustment and get it over to you as soon as I could. There was a budgeting parameter that was incorrect, the proper adjustments have been made, and I have attached the updated version ready. I apologize for the inconvenience, but please disregard all copies of version 1 of the Project Management Plan

See attached: Project Management Plan Version 2 (Microsoft Word) document and Cooking to Goal (Microsoft Project) timeline document.

Sincerely,

*David A. Ball*
